Where to start...

Hello,

In this manual we will go over the individual parts that make up your Spyderwash operator portal. The layout of this manual has a topic for each menu option available on the portal.

You can click ahead to the topic you would like to know more about or follow along with this guide.

There are a few websites associated with Spyderwash and its functions, but as an Operator, you would go to the operator link.

The Different SpyderWash URLs:

For the Operator: www.spyderwash.com/operator

For the Customer: www.spyderwash.com

For the Attendant: www.spyderwash.com/attendant

The Dashboard shows you all the locations you have with Spyderwash Equipment installed.

You'll notice these options off to the right:

The screenshot displays the SpyderWash Operator Dashboard. At the top, the logo for SpyderWash is on the left, and the user's Operator Code (0102) and email (spyderwash1@aol.com) are on the right. Below the header is a navigation bar with links: DASHBOARD, VIEW, ISSUE CARD, REPORTS, MANAGE, CLEAR TOTAL, KIOSK, and REGISTERED CARD. The main content area is titled "Operator Dashboard" and features a "Search Criteria" section with a plus icon. Below this is a "Locations" section with a minus icon. A table lists six locations, each with a Location Code, Location Name, Address, City, Zip, and State. To the right of the table are "View" and "Edit" icons for each location, which are highlighted by a blue box.

Enabling Spyder Watch

SpyderWash has a feature called* “Spyder WATCH”*. This will give your customers/Residents the ability to view machine availability at your Laundromat/Laundry room.

Below are the steps to set up this feature. Please note that this is based off time estimates and will not be 100% accurate.

This feature is also optional and does not have to be activated.

Under your location click the blue “Edit” button on the far right

- This is where you fill in the information including “Machine Name” which will be how many pounds your machine is as well the the “Cycle Time” which is an **ESTIMATE** of how long your washer cycle takes to run.
- The “Enable SW” box also needs to be checked.

- The machine activated is a 20 pound machine and it generally takes 30 minutes to run its full cycle.
- Now you need to click the “Update” button, which will cause the feature to be activated for **ALL** “Speed Queen Horizon Q’s”.

Setting up the **Spyder Watch** feature for the **Dryers** is very similar to the Washers except most of the information automatically fills in for you.

Reason For Refund

This is for the processor side. You can not run a report to get reasons from previous refunds.

REFUND
CANCEL

NOTE You can not refund more than the original charge but you can do a partial refund if the situation calls for it.

Make sure the refund amount is what you would like it to be, add a “Reason for refund” and then hit “Refund”.

That’s it! You have successfully issued a refund.

The processor will take it over from there. Refunds can take 3 to 5 business days to be credited back to the customer.

If the customer has questions about the refund after you’ve done this, direct them to their bank/Credit Union for additional information.

Issue Card

Issue Card to Location

You'll go to "Issue Card > Issue Card to Location":

Then you'll see the following screen:

The screenshot shows the SpyderWash Operator Portal interface. At the top, the logo and 'Operator Code' are visible. The navigation bar includes 'DASHBOARD', 'VIEW', 'ISSUE CARD', 'REPORTS', 'MANAGE', 'CLEAR TOTAL', 'KIOSK', and 'REGISTERED CARD'. The 'ISSUE CARD' menu is expanded, showing 'Issue Card to Location' and 'Issue Card to Customer'. The 'Issue Card to Location' form is displayed with the following fields:

- Starting Loyalty Card # ***: Text input field.
- Ending Loyalty Card # ***: Text input field.
- Total # of Cards ***: Text input field with the text "You don't put anything here" in red.
- Base Issue Location Name ***: Text input field with the value "Location 1".
- Loyalty Card Issue Date**: Text input field with the value "7/20/2022".
- LC Recharge Type**: Dropdown menu with the value "Non-Promotional".
- Charge Amount(\$) ***: Text input field with the value "0.00".
- LC Sub Category**: Dropdown menu with the value "All Customers".
- Other Valid Location(s)**: Text area with the value "All Location 1".

At the bottom of the form, there are two buttons: "SAVE" and "CLOSE".

When ordering cards, we always send out cards that are in the same sequence of cards.

* Note – Each box of cards has a S/N numbers that begin with a "5" or "00"

Enter the "Starting" card number and the "Ending" card number.

"Total" will AUTOMATICALLY calculate the amount of cards.

You have to put something down for "Base issue Location"

"Charge amount" is the amount you want to load on to these cards for the first time. (This is the amount the cards will start with)

STOP, When you issue these cards, it can be done in a batch THIS time, but after this, any changes to the cards would need to be done individually.

Some owners put a \$1.00 to accommodate the \$1 charge amount when using a Spyderwash kiosk, or to recoup your cost, Owners will leave the cards at \$0.

Once you've chosen what you want for the amount, move to "Other Valid Locations" and select "All".

Finally hit **"Save"**.

You will see some green text saying **"Cards Issued Successfully"**

Manage Loyalty Card

In this section we are going to show how to look at and find Loyalty cards to make changes or confirm information.

The screenshot shows the SpyderWash Operator Portal interface. At the top, there is a header with the SpyderWash logo and the text "A SETOMATIC SYSTEMS COMPANY". To the right of the logo, there is a user profile icon and the text "Operator Code :". Below the header is a navigation bar with several menu items: DASHBOARD, VIEW, ISSUE CARD, REPORTS, MANAGE, CLEAR TOTAL, KIOSK, and REGISTERED CARD. The "MANAGE" menu item is highlighted with a red circle. A dropdown menu is open from "MANAGE", showing several options: Manage Loyalty Card, Manage Attendants, Manage Category, Program Schedule, and Manage SpyderWatch Password. The "Manage Loyalty Card" option is highlighted with a red circle and a mouse cursor. Below the navigation bar, there is a section titled "Operator Dashboard" with a search criteria field and a table of locations. The table has columns for Location Code, Location Name, City, Zip, State, View, and Edit.

From this page, you can search and View/Edit/Refill all loyalty cards you have assigned to your locations.

Below the search criteria, there is a section titled "Loyalty Card Assigned To" with four radio buttons: Customer (checked), Employee, Technician, and Wash-Dry-Fold. Below the radio buttons, there are three buttons: SEARCH, RESET, and GENERATE REPORT. The "SEARCH" button is highlighted with a red circle. Below the buttons, there is a button titled "BULK ASSIGN LOYALTY CARDS TO ALL LOCATIONS".

JUST pressing "Search" will give you a list of "Customer" loyalty cards.

You can also select other "Assigned To" options in case you have employee cards also.

If you have more than 1 location under your Operator Account... BULK ASSIGN LOYALTY CARDS TO ALL LOCATIONS

Pressing **"Bulk Assign"** will assign all cards listed, to every location you have.

This helps if you add cards in batches and have recently added an additional location.

The cards you've already issued would not work at the NEW location until then.

If you need to "Issue cards" follow this link -> [HERE](#)

The "**Loyalty Card Assigned To**" is especially useful if you have employee cards you want to check on.

Creating an Employee Card

In this section we are going to show how to make an employee card that will auto-recharge and not reflect towards your Revenue reports.

You want to go to “Manage > Manage Loyalty Card”.

The screenshot shows the SpyderWash Operator Portal interface. The top navigation bar includes the SpyderWash logo, the text "Operator Code :0282", and a user profile icon with the email "info@westsidevillage.com". Below the navigation bar, the "MANAGE" dropdown menu is open, showing options: "Manage Loyalty Card", "Manage Attendants", "Manage Category", "Program Schedule", and "Manage SpyderWatch Password". The "Manage Loyalty Card" option is highlighted with a red circle and a mouse cursor. The main content area displays the "Operator Dashboard" with sections for "Search Criteria" and "Locations". The "Locations" section contains a table with columns: Location Code, Location Name, City, Zip, State, View, and Edit. The table lists two locations: 0001 (Westside Village 127) and 0002 (Westside Village 519).

Location Code	Location Name	City	Zip	State	View	Edit
0001	Westside Village 127	State College	16801	Pennsylvania		
0002	Westside Village 519	State College	16801	Pennsylvania		

You will then see a screen that looks like the below image:

For “Assign To”, we should change it to anything that isn’t “Customer”. This gives us access to the option below that.

“Auto Recharge” should be selected, “Minimum amount” refers to the amount that will cause a reload.

Then you put an amount (lower than \$150) in “Reload Amount”.

Finally you press “Recharge now” and you will see some green text that says “Successful”

Create an Employee Timeclock Card

Creating an “Employee Timeclock” card can be beneficial for keeping track of hourly employees.

Doing this to a card will make it only usable as a timeclock punch card, losing the ability to start machines.

You would go to the “Edit Card” window, accessible from the [Manage Loyalty card](#) page.

We need to change the “Assign To” value.

Manage Attendants

First you need to log into your operator Portal at www.Spyderwash.com/Operator.

Then you'll see a page like below:

The screenshot shows the SpyderWash Operator Portal interface. At the top, the logo "SPYDERWASH" is on the left, and the user information "Operator Code :0102" and "spyderwash1@aol.com" is on the right. Below the header is a navigation bar with several menu items: DASHBOARD, VIEW, ISSUE CARD, REPORTS, MANAGE (highlighted with a red circle), CLEAR TOTAL, KIOSK, and REGISTERED CARD. A dropdown menu is open from the MANAGE button, showing options: Manage Loyalty Card, Manage Attendants (highlighted with a red circle and a mouse cursor), Manage Category, Program Schedule, and Manage SpyderWatch Password. Below the navigation bar, the "Operator Dashboard" is visible, featuring a "Search Criteria" section and a "Locations" table. The table has columns for Location Code, Location Name, City, Zip, State, View, and Edit. The first row of data shows "0001" for Location Code, "Newport Carwash & Laundromat" for Location Name, "358 Sunapee St" for City, "Newport" for Zip, and "03773" for State, with "New Hampshire" for State.

Now it is time to decide which machines get that specific promotion.

You can decide to give all the Washers in your laundry the same promotion or you can set up multiple promotions based on the Washer used.

For example, you can group the 20lb, 30lb and 40lb in one category and the 60lb, 80lb in a second category.

In order to decide which machines get the promotion you need to click the blue arrow in order to move the washer model number from the section “Available Model” to “Selected Model”.

UPDATE CANCEL

Steps to setting up the new loyalty program which works for BOTH Credit/Debit Cards and Loyalty Cards. Please note that the same Card must be used in order to get the promotion. If you have several different Loyalty Cards and/or Credit Cards, the promotion will be separate for each card and they will not combine. The cards do not need to be registered to participate in the loyalty program, however if the Loyalty Card or Credit Card is registered the customer can see all their transactions and how many washes left until they are eligible from the Free Wash.

- Please note that you can only choose one program (Usage or Points) and if you want to switch loyalty programs from Usage to Points or vice versa, the loyalty rewards earned till date will not transfer. However, if you go back to the original program you had, the loyalty rewards earned will still be there.*

1. Log onto your account under www.spyderwash.com/operator

2. On the top right click on your Email ID —->“My account”.

3. Click the Blue “Edit” button on bottom and decide which promotion type you want to offer. In the screenshot below you can see that “By Usage” was selected. On the right hand side you can also decide if you want this promotion to work for all your locations or only one of them.
